

Hydration Services

Delicious, Refreshing, Cold Drinking Water

Workers deserve the best when it comes to hydration. Provide your team with the safest, cold drinking water available.

IPS prepares each cooler using an elite filtration system for both water and ice, which are never touched by human hands. Delivery is available for your next turnaround or project.

For more information, Contact an IPS representative at 281-479-4277 or email info@theipsgroup.us
