

DRUG AND ALCOHOL PROCEDURE

Drug and Alcohol Procedure

January 2022

Alcohol, Drugs and Controlled Substances Company Policy

1-1 PURPOSE: IPS*ITCS is committed to the maintenance of a safe and productive working environment for employees and others that may come into contact with our facilities and employees. Because the use of alcohol, illegal drugs and controlled substances has been shown to substantially increase workplace accidents and reduce employee dependability and productivity, the following policy is implemented to safeguard the health of our employees and others, and to provide a safe, healthy and productive working environment. Compliance with this policy is a condition of employment. IPS*ITCS will not assume any risk created by the presence of illegal drugs, alcohol and controlled substances in the workplace.

IPS*ITCS and its customers reserves the right, at all times, to conduct searches or inspections, without prior announcement, of the personal effects, lockers, baggage and vehicles of any person subject to this policy, for the purpose of determining if such person is in possession of a prohibited item or substance. Illegal and unauthorized items include, but are not limited to illegal drugs, narcotics, look-alike and designer drugs, controlled substances, contraband such as drug-related paraphernalia and alcohol.

1-2 **SCOPE**:

This policy applies to all employees of IPS*ITCS, contract employees, contractors, including their employees, and all applicants for employment.

1-3 **POLICY**:

A. Prohibition against Presence of Alcohol, Illegal Drugs and Controlled Substances:

To ensure a safe, productive work environment and to safeguard IPS*ITCS property, IPS*ITCS strictly prohibits the use, sale, transfer or possession of alcohol, illegal drugs, drug paraphernalia or controlled substances on IPS*ITCS premises, work sites, or customer premises. IPS*ITCS vehicles, as well as private vehicles parked on IPS*ITCS premises, work sites, or customer premises, are locations included within the prohibition.

Version: 1.0 Date Last Modified: 1.3.2022 Author: Shayne Torrans Pages 2 of 12

Additionally, IPS*ITCS strictly prohibits any person with any detectable amount of illegal drugs or controlled substances present in his/her body from being on IPS*ITCS premises, work sites, or customer premises, under the influence of alcohol or with any detectable amount of illegal drugs, controlled substances, and/or alcohol present in his/her body.

Any non-employee (including visitors, contractors, employees of contractors, etc.) found in violation of this policy, or suspected of being impaired under the influence of alcohol or who has a detectable amount of illegal drugs, controlled substances, and/or alcohol present in his/her body, may be refused entry onto or removed from IPS*ITCS' premises and denied future access.

Furthermore, depending on the circumstances, other action, including notification of appropriate law enforcement agencies, may be taken against any violator of this policy.

B. Legal Drugs:

Any employee taking a drug or other medication, whether or not prescribed by a physician, which is known or advertised as possibly affecting or impairing judgment, coordination, or other senses, or which may adversely affect ability to perform working in a safe and productive manner, must notify his/her supervisor prior to starting work or entering the IPS*ITCS' premises, work site, or Customer premises. The Supervisor will decide if the employee can remain at work and what work restrictions, if any, are deemed necessary or appropriate. Any employee violating this policy is subject to disciplinary action up to and including discharge.

C. Testing:

IPS*ITCS requires all applicants for employment to submit to testing for illegal drugs and alcohol as part of their pre-employment process. Employment is conditional upon passing this test.

Employees must report to the testing site immediately once notified to submit to a drug and/or alcohol test. Failure to follow this policy will be considered a positive test result.

IPS*ITCS also may require any employee to submit to testing for illegal drugs and alcohol in the following circumstances:

Version: 1.0 Date Last Modified: 1.3.2022 Author: Shayne Torrans Pages 3 of 12

- 1. <u>Pre-employment -</u> Whenever an applicant is hired or contracted to perform work for IPS*ITCS or its customers.
- 2. Return to work from a personal leave of absence.
- Post- Accident Following any accident regardless of fault where property damage occurred or an injury where medical attention is required. This includes all employees involved. After returning from the collection site, the employee(s) shall not be allowed to perform safety sensitive duties pending the results of the test in writing.
- 4. <u>Pre-Access</u> Whenever required or requested by a customer of IPS*ITCS as a condition for entering the customer's premises or performing services for the customer. (If an employee has positive results during a pre-access test, the employee will not be permitted to enter the customer's premises.)
- 5. <u>Reasonable Cause -</u> Whenever an employee is suspected of violating this policy. After returning from the collection site, the employee shall not be allowed to perform safety sensitive duties pending the results.
- 6. **Random** On a random selection basis and anytime deemed appropriate by the senior management of IPS*ITCS, without prior announcement.

Employees are required to sign a written consent to a drug/alcohol test. Any employee who refuses consent to a required drug/alcohol test will be terminated. The purpose of the test is to determine whether a person has any detectable amount of illegal drugs, alcohol or any controlled substance presenting his/her body.

The following substances in the indicated amounts are considered by this policy to be prohibited:

| CUT-OFF | GC/MS |
|-----------|---|
| | |
| 1000ng/ml | 500ng/ml |
| 300ng/ml | 300ng/ml |
| 300ng/ml | 300ng/ml |
| 300ng/ml | 150ng/ml |
| 50ng/ml | 15ng/ml |
| 300ng/ml | 300ng/ml |
| 300ng/ml | 300ng/ml |
| 2000ng/ml | 2000ng/ml |
| 300ng/ml | 300ng/ml |

| | 1000ng/ml 300ng/ml 300ng/ml 300ng/ml 50ng/ml 300ng/ml 300ng/ml 2000ng/ml 300ng/ml |

Version: 1.0 Date Last Modified: 1.3.2022 Author: Shayne Torrans Pages 4 of 12

Any alcohol concentration level of .02% or greater is prohibited by this policy. Any Controlled substance according to U.S. Standards.

Exceptions: Substances with a prescription.

Positive Results: All test results showing positive with a preliminary screen will be confirmed by using the G.C./ M.S. methodology. Any employee that has a question concerning the drug testing process, including the method to confirm a positive result should contact IPS*ITCS' Safety Department.

D. Consequence of Positive Results:

Employees in violation of this policy will be terminated for cause from IPS*ITCS and will not be eligible for re-hire for a period of twelve (12) months from termination date.

1.1 ACKNOWLEDGEMENT OF RECEIPT AND EXPLANATION

Each employee is to receive a copy of IPS*ITCS' policy regarding illegal drugs and prohibited substances in the workplace. Any questions regarding this policy should be directed to the Safety Department.

It is understood that continued employment with IPS*ITCS is conditioned on the employee's acceptance of and the compliance with the provisions of this policy. Failure to sign and return this alcohol, drugs and controlled substance acknowledgement form in no way reduces or removes responsibility for compliance with the above referenced policy, and that any violation of this policy will result in immediate termination of employment.

It is further understood that nothing in this policy is intended to alter or restrict any employee's right or IPS*ITCS' right to terminate the employment relationship at will.

Environmental Aspects and Impacts

Identified Environmental Aspects and Impacts

The following table is a summary of the likely environmental aspects and impacts that may be identified during site inspections. The significance of each impact needs to be assessed using the Risk Assessment Model.

| Activity | Aspect | Impact | | | | |
|---|---|--|--|--|--|--|
| | Consumption of goods | Conservation of natural resources | | | | |
| Purchasing & | Consumption of energy (eg. Electrical equipment | Release of greenhouse gases and atmospheric pollution; | | | | |
| Administrative Work | and facilities) | Consumption of natural resources; Habitat loss | | | | |
| | Generation of waste (eg. Paper) | Consumption of space for waste disposal; Habitat loss | | | | |
| Climate Control | Consumption of energy | Release of greenhouse gases and atmospheric pollution; Consumption of natural resources; Habitat loss | | | | |
| | Generation of noise | Disturbance to community; Habitat loss | | | | |
| Cleaning of – offices / vehicles | Storage, use and release of chemicals | Contamination of air, water or soil; Risk to human health | | | | |
| | Consumption of energy Consumption of goods (E | Polease of streethous grees and curpospherio of lur or; Consumption of natura resources; Loss of habitat at all stages of generation; Light pollution Consumpt in a gree resources; Generation | | | | |
| | (eg. Oil) | of waste; Habitat loss; Biodiversity impacts | | | | |
| Transport (Fleet vehicles / staff travel) | Generation of waste (eg. Oil) | Consumption of space for waste disposal; Potential contamination of water or soil; Habitat loss | | | | |
| | Exhaust emission | Release of greenhouse gases and atmospheric pollution | | | | |
| | Use of dangerous goods (eg. Batteries) | Potential contamination of air, water or soil; Risk to human health | | | | |
| | Generation of noise | Disturbance to community; Habitat degradation | | | | |
